

ABSTRACT

A barrel for a writing implement includes: a barrel body having a gripping part, and a grip member of layered structure formed by assembling an inner member of a soft material and an
5 outer member, and put on the gripping part of the barrel body. The inner member is covered with the outer member, and at least either of the outside surface of the inner member and the inside
10 surface of the outer member is formed in an assembly facilitating shape for facilitating putting the outer member on the inner member.
